GLAZED PORCELAIN FLOOR & WALL TILE

# TIDES HDP High Definition Porcelain

Tides<sup>HDP</sup> is a stylized interpretation of vein cut limestone known as "Georgette". It is a stunning play of tone-on-tone colors that creates a contemporary aesthetic. Using HDP-High Definition Porcelain® technology we are able to create a unique tonal blend within the veining to add interest and depth to each graphic.

This glazed porcelain floor and wall tile is available in pressed 12x24 and a rectified 3.75x12 in five color options: Sea Salt, Marine Fog, Sand Castle, Coconut Shell, and Waters Edge.  
shown: **28115 12x24** Marine Fog

Also featured in each color is a unique patterned 25-piece mosaic that rotates each chip 90 degrees creating a wonderful checkerboard pattern. A 3x24 bullnose completes the line.

Tides<sup>HDP</sup> is appropriate for most applications in both residential and commercial settings. It is made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, and includes pre-consumer recycled content. It meets the DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.

## Color Variation

### V2 Slight Variation

Clearly distinguishable differences in texture and/or pattern with similar colors.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

Color, texture, and finish variations may occur due to the nature of the product.
