9MM

The chromatic potential of nuances in the Sfumature collection is expressed in an extraordinary level of graphic diversity that's ideal to create functional and original surfaces. There are two finishes in the innovative 6.5x33cm lozenge, with six shaded gloss colours (bianco, grigio, fango, verde, azzurro, cipria). The first finish is reminiscent of the texture of the Genesi collection with its exquisite handcrafted effect. Called Effetti, the second finish offers a mix of 9 textures, from brushed surfaces to multiple decorated graphic reliefs that offer exceptional dynamics for creative interpretation.
