Colors shown may vary from
actual product.
Final selection should be made
from actual product samples.

V1
UNIFORM APPEARANCE

from the same production
run are minimal.

V2
SLIGHT VARIATION
Clearly distinguishable
differences in texture and/
or pattern with similar
colors.

V3
MODERATE VARIATION
While the colors present on
a single piece of tile will be
indicative of the colors to
be expected on the other
tiles, the amount of colors
on each piece will vary
significantly.
V4
SUBSTANTIAL VARIATION
Random color differences
from tile to tile, so that one
tile may have totally different
colors from that on other
tiles. Thus, the final
installation will be unique.

	BREAKING STRENGTH	AS REPORTED	≥400	ASTM C648
❄	RESISTANCE TO FREEZE	AS REPORTED	RESISTANT	ASTM C1026

RESISTANT FOR THE HOUSE The product is water-resistant: it stops liquids, body oils, acidic and staining substances from penetrating the tiles. It resists scratches, scuffs and gauges better than any other floor covering. It does not absorb fumes, odors or smoke. It doesnt discolor or fade when exposed to sunlight, or other natural elements. It is completely fire proof. It resists burns and doesn's feed a fire. Its high resistance to abrasive dirt and grime makes it suitable even for heavy-traffic areas of the house such as hallways, entrances, foyers and walkways.
FROST RESISTANT Exceeding the ADA standard requirements, the Milestone product can also be used for outside applications. It stands up to abrupt temperature changes and freezing-thaw cycles. When properly installed according to ANSI A137.1. It's strong enough to be used in exterior applications even in frigid climates. Proper consideration must be given to the anti-slip requirements of the area to be tiled.
ANTI-SLIP The testing conducted on our finished product will guarantee that all of our tiles will have an anti-slip surface so they may be used with total confidence in kitchen and bath applications. The Milestone product is perfect for both home and commercial interiors, such as restaurants, offices, retail stores, etc. Its anti-slip properties provide a safe walkking surface in both wet and dry conditions, according to the Americans with Disabilities Act.
HYGIENE/SANATATION & EASY CLEANING The Milestone product doesn't absorb odors or bacteria of any kind. It's easy to clean with a dampsponge, mop, or cloth. For a more intense cleaning, simply use a mild solution of water and a common household detergent. Regular cleaning will stop the growth of germs and bacteria in damp areas such as the bathroom.

● DUE TO THE INHERENT NATURE OF FIRED PORCELAIN TILE, IT IS IMPORTANT TO NOTE THAT THE COEFFICENT OF FRICTION MAY VARY WITHIN AND BETWEEN PRODUCT RUNS.
