FLORIM IS B CORP CERTIFIED

We conceive the business as a positive force able to generate profits and at the same time create a virtuous impact on people and the environment. Since forever.

Our choices, day after day, have led us to improve our way of doing business.

Watch the video "Being sustainable is a daily choice" with the faces of some of the "Florim people" who contribute to making the company even more responsible, every day.

WHAT DOES IT MEAN TO BE B CORP?

*We vied with the **highest social and environmental performance standards,** and after a long and scrupulous veri ication process, **we became B Corp.***

Companies that succeed in obtaining this certi ication are the most evolved in the world in terms of their positive social and environmental impact.

*They constitute a global movement of 'Purpose Driven Businesses' whose aim is to diffuse a **new economic paradigm**, whereby companies are the drivers of **social regeneration.***

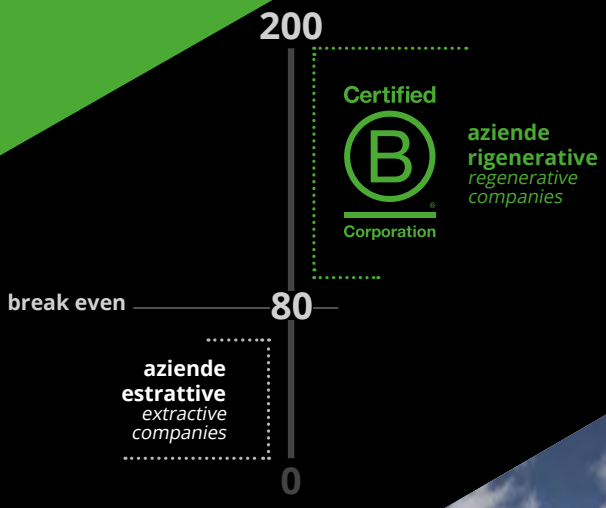
REGENERATIVE BUSINESS

*An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.*

*Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere.***

*Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative** companies. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to unction, they consume higher economic, social and environmental resources than they are able to generate as output.*



FLORIM'S SCORE

Florim Italia score is 98.1 points and the consolidated, which includes the American subsidiary, is 90.9 points. Florim is now one of the best B Corp throughout the world.

*More than 140,000 companies are currently seeking to obtain the certification **in compliance with the strictest transparency and sustainability standards.***

*Only 3% manage to pass the verification process implemented by **B Lab**, the US certifying body that currently operates on a global scale.*

Luxury design

Prestigious and exquisite materials made of the most precious materials that nature has to offer. Ostentatious luxury or sophisticated use of materials for a more informal and bold elegance. Rare, luxurious and intimately linked to everyday life, the material is reinterpreted to convey the concept of a modern environment.

HERITAGE LUXE

HERITAGE LUXE

Taking inspiration from the noble hues and majestic veining of marble, the **Heritage Luxe** collection accompanies us on an imaginary journey to rediscover an artistic and architectural heritage of inestimable cultural value that we are now privileged to inherit. Since ancient times, palaces, sculptures and monuments in Europe have been created from colored marble, considered almost like a form of natural or divine painting thanks to its vivid veining and varied color palette. In keeping with modern times, the surfaces of the collection have a strong decorative character and bring the heritage of the European tradition up to date by proposing a stylistic concept inspired by the beauty and classic luxury of marble that blends with the dynamism of veining and colors of a contemporary flavor.

Due to the different production technologies, contiguous installation of products with different thickness may give a non-homogeneous result. For this reason we do not recommend this option.
