

# Travertine

Where Nature’s Beauty Meets Modern Craftsmanship

For centuries, natural travertine has been shaped by the earth, its soft, flowing movement created as water coursed through limestone, forming breathtaking patterns. Known for its rich colors and timeless elegance, travertine has been a cornerstone in both ancient and modern architecture, embodying a sense of enduring beauty.

MILE®stone’s Travertine Collection captures the effortless beauty of nature’s artistry, blending the enduring charm of this classic stone with cutting-edge technology. The result—a breathtaking range of colors and sizes designed to transform any space with sophistication and style.

From the soft elegance of traditional white and silver Italian travertine to the bold drama of rich reds, deep browns, and moody greys inspired by Persian landscapes, each hue tells a story with timeless allure. Designed for both residential and commercial applications, this collection offers the strength and versatility of porcelain with low environmental impact.

Perfect for seamless indoor-to-outdoor transitions, MILE®stone’s Travertine Collection offers four textures—matte, grip, polished, and chiseled—each enhancing its natural appeal. With a versatile range of sizes, including 12”x24” and 24”x48”, along with durable outdoor paver options in 24”x24” and 24”x48”, this collection adapts seamlessly to any design vision.

For those seeking bold, uninterrupted surfaces, the collection introduces a striking 48”x96” size, perfect for both floor and wall applications. Expanding its versatility further, the MILE®stone Pre-Fab, 32”x96” 12mm size is ideal for countertops and wall paneling, available in every beautiful color of the collection.

Whether used as a statement accent for tables, wall décor, or exclusive design pieces, Travertine brings timeless beauty to any space. More than just a surface, it’s a celebration of sustainable craftsmanship—where nature’s inspiration meets modern innovation. Create a space that’s not only stunning but also consciously crafted for the future, with MILE®stone’s Travertine collection.
